Welcome to South Carolina Trophy Hunters.

You will be hunting one of the largest farms in South Carolina. We offer 12,000 acres of prime hunting land that surrounds two trophy deer and hog lodges. The farms cultivate soybean, corn, cotton, and peanuts, all very high protein products that produces large antler growth. We plant the best blend of food plots 3 times a year on all of our trophy land. We also feed corn and protein in all our feeders. This farm has been managed for several years to produce the quality trophy's that are harvested every year at South Carolina Trophy Hunters. We are located in the Southern Low Country Wild Hog Region.

We offer 200+ comfortable ladder stands with shooting rails and 2 person stands, 20ft enclosed tower stand, tripods, and easy access ground level shooting houses. Here at SCTrophy Hunters we offer a relaxed family oriented atmosphere with comfortable lodges. We invite Sportsmen and their families to come and experience "SC Low Country Hunting" at its best with South Carolina Trophy Hunters.
